

# ENTIRE CABINET WILL RESIGN TODAY

Premier Saionji of Japan Finds  
Little Encouragement  
To Continue.

HAS AUDIENCE WITH EMPEROR

Efforts to Secure Successor to  
Baron Uyehara Are Vain—  
Political Crisis.

(Special Cable to The Nippon Jiji.)

TOKIO, Japan, December 3.—The entire Saionji cabinet will tender its resignation tomorrow, following a conference held today at which Premier Saionji presided. The conference was hurriedly called after an interview between the Premier and His Majesty, the Emperor.

Premier Saionji was received at the palace, where he explained to the Emperor his opposition to the plan of strengthening the Japanese army in Korea by adding to it an entire division. He based his opposition on the financial condition of Japan, which was such that it could not at this time well stand for this extra expenditure for the army.

Upon his return from the palace this afternoon Premier Saionji called upon Prince Arimoto Yamagata, one of the five powerful genro of Japan, and asked for his assistance in selecting as soon as possible a satisfactory successor to Baron Uyehara as minister of war. To this request Prince Yamagata expressed little favor and declined to take any action. The Premier left his audience with the Prince very much cast down and immediately called a cabinet conference.

The Premier explained frankly to the members of the cabinet the difficulties confronting them, particularly as to securing a minister of war. The conference closed, after a prolonged discussion, with the decision upon the part of the cabinet as a whole to resign tomorrow.

The crisis is stated to be caused by the conflict between the military party in Japan and the Constitutionalists.

WASHINGTON, December 3.—(By

Associated Press Cable.)—The senate

today began the hearing in the im-

peachment proceedings against Judge

Robert W. Archbald of Pennsylvania,

accused of conduct inconsistent with

the position he held upon the bench.

Judge Archbald admits acts laid to

his door but declares that he believed

and still believes them to have been

perfectly proper. Archbald is a mem-

ber of President Taft's commerce

court.

The trial may be expected to con-

tinue off and on for some weeks or

perhaps for two or three months and

inasmuch as the senate is due to ad-

judge on March 4, it can be appreciated

that this impeachment case is practi-

cally certain to prove the big event of

the winter in the legislative body.

Aside from its significance this trial

before a jury of ninety men represent-

ing all the States of the Union is ex-

pected to arouse great interest be-

cause such impeachment trials are ex-

ceedingly rare. It has been several years

since the last previous event of this

kind and there have been only eight

such formalities since the establish-

ment of the government.

## PROPHET BLESSES MORGAN.

NEW YORK, November 23.—J. Pierpont Morgan was written down yesterday as one who had done "considerable philanthropy" when his library in East Thirty-third Street was visited by Abdal Baha, the Persian prophet. After the patriarch had wandered through the treasure rooms, he paused before the album long enough to write a blessing on the financier and thereto append his autograph. Beneath the Persian script his companion, Dr. Ameen Fareed, wrote this translation:

O, Thou Generous Lord, verily this famous personage has done considerable philanthropy, render him great and dear in Thy Kingdom, make him happy and joyous in both worlds, and confirm him in serving the Oneness, the world of humanity, and submerge him in the sea of Thy favors.

ABDUL BAHÁ ABRAS.

On his visit to the Morgan library the prophet was escorted and introduced by the Persian Consul General, H. H. Topakyan.

## WOMAN KILLS EAGLE.

MATFIELD GREEN, Kansas, November 19.—While Mrs. Jennie Swift was crossing a pasture near her home she discovered a large eagle which apparently had been wounded by hunters, standing in her path. Although armed only with a buggy whip, Mrs. Swift after a half-hour fight, succeeded in killing the bird, which measured seven and one-half feet from tip to tip.

## KILLED, NOT KIDNAPPED.

BUFFALO, November 16.—The body of seven-year-old Joseph Joseph was dug out of a trench at Lackawanna, near here, today. The boy had been missing since October 12. It was believed that he had been kidnapped. His father, George Joseph, offered a reward of \$1000 for the recovery of his boy but no trace of him could be found, although the police and private detectives had conducted a search. Yesterday the father, who conducts a grocery store in Lackawanna, received an unsigned postal card saying the boy had been murdered and his body hidden in the trench. The body was found exactly as the card had said it would be. The card was postmarked Chicago.

## MIKADO HONORS AMERICAN.

NEW YORK, November 24.—John J. Carty of New York has been created a member of the Order of the Sacred Treasure by the Emperor of Japan. The investiture with the insignia of the order and the presentation of a diploma for valuable service to Japan and her people have just taken place, the ceremony being conducted by Mr. Y. Numano, consul general at New York.

Mr. Carty also wears the decoration of the Order of the Rising Sun, conferred by the late emperor after the close of the war between Japan and Russia.

Mr. Carty is chief engineer of the American Telephone and Telegraph Company and his methods of telephone engineering were those adopted by the Japanese government engineers after they had investigated the subject in all European countries and America.

## 70 KINDS OF TROLLEYS FORM UNIQUE PARADE

NEW YORK, November 21.—The streetcar magnates of New York City turned aside from their daily routine today to furnish the city one of the most unique "parades" ever seen here. It was a procession of streetcars showing the types that have been in service in this city from the time of the old horse-drawn vehicles to the double-deck car that is to be put in operation on Broadway. Nearly 70 distinct types of cars have been used in New York since the first street railway was established. Horse cars were followed by cable cars and then by electric cars of many varieties, the latest being the pay-as-you-enter, the hobbie skirt, or stepless car, and the double-decker.

## 503 BUSHELS ON FIVE ACRES.

ATCHISON, Kansas, November 16.—Fred Brown, whose farm is northeast of Muscotah, grew 503 9-12 bushels of corn on five acres of land, and won the first prize of \$300 offered by B. P. Waggoner last spring for the largest yield on five acres of ground in Atchison county this year.

Louis G. Cook, northwest of Nortonville, took the second prize of \$100. He raised 479 bushels.

J. A. Bishop captured the third prize of \$75. He lives in Benton township, south of Effingham, and raised 475 4-7 bushels.

George Delfelder, near Effingham, raised 452 bushels, and got the fourth prize of \$25.

James McCoy of Potter took fifth money, which was a two-row cultivator instead of cash. Mr. McCoy has 435 bushels.

Twenty farmers entered the contest, and the smallest yield for five acres was 283 bushels.

## FRENCH PRISONERS REVOLT.

ROCHESTER, France, November 19.—Fifteen persons were killed and three were wounded in a revolt which took place in the prison here today. Prisoners overpowered their guards and shot to death the warden and his wife. An official and a sailor, who went to the assistance of the warden, were dangerously injured.

Troops were summoned, and after surrounding the building, drove the mutinous prisoners to the top floor of the prison and killed one of them. The two ringleaders barricaded themselves in a cell which they defended desperately. They finally committed suicide by shooting. Several of the prisoners escaped during the affray.

## FINDS VANDERBILT SILVER

STOLEN 18 YEARS AGO

BAR HARBOR, Maine, November 18.—A large amount of solid silver tableware stolen from George W. Vanderbilt's summer residence here eighteen years ago, was found today hidden in the rocks at the base of a cliff by Miss Violet, a transient.

Violet went to the cliff for a load of rock and in handling the stone came upon the silverware, which was covered by rock earth and underbrush. The silverware is worth \$1000 or more and is part of plunder valued at many thousands of dollars stolen from the Vanderbilt residence. A large sum of money and much valuable jewelry were never recovered.

## DEAD MAN ELECTED IN IOWA.

CAERROLL, Iowa, November 16.—Attorney General Conson has been asked to determine what happens when voters elect a dead man to office. Victor Schirck was elected county supervisor after he had been buried five days. A. A. Patton, his opponent, who received half as many votes, is claiming the election. The case has been sent to the head of the Iowa legal department for an opinion.

## AIRSHIPS FOR SHIPWRECKS.

WASHINGTON, November 18.—Navy officials are contemplating the adoption of a special type of flying machine as a means for rescuing persons from a disabled ship at sea. One of three boards which are examining life-saving devices has been in session at Newport News, Virginia, and the flying machine was one of about sixty devices, many of them of foreign make, which were submitted for examination. Other boards have been holding sessions in San Francisco and Manila, and when all of the recommendations are received the Quartermaster Corps will determine what devices shall be purchased to be installed on army transports.

## GIRL IN CUSTODY, MAN PAYS A FINE

McCriston Pleads Guilty and  
Cathcart Rows With  
Attorney Thayer.

(From Thursday Advertiser)

In the presence a score or so of ministers of the gospel, teachers and other persons interested in the case, Edward McCriston, pleaded guilty in Judge Robinson's court yesterday morning to a statutory offense involving a pupil at the Industrial School, and was fined fifty dollars and costs. The other charge against him, that of trespass was dropped, the prosecuting attorney declaring that under the evidence no jury would find him guilty.

Evidence in former hearings of the cases showed that the Hawaiian girl with whom McCriston was guilty of misconduct, had been guilty of previous lapses from virtue; that he had not in any way assaulted her, and that his alleged trespass consisted in his visiting her at the home where she was staying while out on probation from the reform school.

The hearing, aside from the attendance of prominent people, was marked by a verbal altercation between County Attorney Cathcart and Attorney Wade Warren Thayer.

Cathcart took exception to an article appearing in The Advertiser yesterday morning, in which he was quoted as saying "The interest of the public be damned," when questioned by Attorney Thayer as to the reason for his agreement for McCriston to plead guilty.

Cathcart declared that he had not used the words imputed to him, asserted that the article was inspired, and that the man who had furnished the article to The Advertiser had "falsified himself."

Cathcart said that Thayer had asked him on Tuesday as to the disposition of the case, which he considered as rather improper conduct for an attorney in view of the fact that he, Cathcart, was the public prosecutor in the case. Cathcart asserted that what he said at the time was "My actions are determined solely on what I think the case demands, and not on what the public might sometimes lose sight of the fundamentals in the case itself."

Just after sentence was passed on McCriston, Thayer approached Cathcart and a heated exchange of words began. The debate was waxing warm with charges and counter charges flying, when Bishop Hestrick appeared in the role of peacemaker and called Cathcart away to a conference.

Attorney R. C. Peters for McCriston made a brief, but clear statement of the case, which carried weight.

Cathcart took the ground that men must be taught that they cannot go to private homes for unlawful purposes with impunity, but that in this instance he was positive that McCriston could not be found guilty of trespass.

Cathcart devote the most of his time on the floor to explaining his position in the past as to the prosecution of such cases, and assured those present that he was ready to do his duty in the future.

Harry Lake, detective in Cathcart's office, informed some of those present at the trial that with the evidence of public support as shown by their appearance in court, he thought it would be easier in the future to get evidence in this class of cases. In the past, he said, he had worked hard to get proofs but found it very difficult.

Among those present in court were Bishop Hestrick, the Revs. A. A. Elber, W. D. Smith, H. H. Trent, T. Pope, School Inspector Gibson, W. A. Bowen, W. H. Bowen, W. H. Rice, W. D. Aiken, L. R. Kilham, Paul Super, P. C. Atherton, A. E. Larimer, J. A. Gilman, Miss S. C. Sterritt, superintendent of the Girls' Industrial School, and several other women prominent in benevolent and social movements.
